

Welcome Home to Lapland Vuollerim

Touching the Arctic Circle

Let it snow, let it snow, let it snow! Welcome to Swedish Lapland where the people, the village and the beautiful pristine winter experiences await your arrival. Here you will be submerged in a winter of white and hearts of gold in the last great European wilderness – Swedish Lapland. Walk in the snow, walk on the ice or try out riding the traditional “spark”.

Welcome Home to Lapland Vuollerim! We provide an experience of genuine everyday Arctic lifestyle, full of five-star experiences and world class hospitality! You are invited to join the villagers for a house jumping dinner into their homes and to enjoy storytelling from the local forest Sami people and genuine villagers.

We have put together a custom winter package including some of the best winter activities in the area; such as making ice lanterns, dog sledding, riding the “spark”, slalom skiing, cross country skiing, ice fishing and snowmobiling; or just walking in white! However, if you would prefer the warmer indoors, we have saunas, Swedish massage and historic tours. Details of these and more daily activities are found on the following pages.

The entire village welcomes You!
